Work Experience:

Intern – RP Infocare Pvt. Ltd.   **1st Feb 2025 – 1st June 2025**

- Developed responsive and user-friendly websites from scratch using **HTML, CSS, JavaScript,** and modern **frameworks.**
- Communicated with clients to gather project requirements and transformed ideas into functional web interfaces.
- Implemented custom **UI/UX designs**, ensuring cross-browser compatibility and **mobile responsiveness.**
- Optimized website performance, resulting in **faster load** times and improved SEO rankings.
- Delivered clean, maintainable code and performed regular updates based on client feedback.

Intern – Excellence technology   **8th Jan 2023 - 8th March 2023**

- Built responsive websites using **HTML, CSS, and JavaScript,** ensuring a seamless user experience.
- Integrated **APIs** to deliver dynamic content and interactive features.
- Improved website performance through **code optimization** and best practices.
- Utilized Git for **version control** and collaborated in Agile development cycles.

Skills:

- **Languages:** Java, HTML/CSS, JavaScript, TypeScript, SQL.
- **Technologies/Frameworks:** ReactJS, NextJS, Bootstrap, Tailwind CSS, Firebase, Postman, Git, Redux Toolkit, MUI, ShadCN, UI/UX Principals, Spring Boot.

Training:

Besant Technology   **1th August 2024 – 31st March2025**

Tech Stack: Java, Spring Boot, MySQL, HTML, CSS, Git, Postman.

- Built a full-stack **banking web app** using **Java**, **Spring Boot**, **HTML/CSS**, and **MySQL** with features like **account creation**, **transaction history**, and **CRUD operations.**
- Developed and integrated **RESTful APIs** following **MVC architecture** for a clean and maintainable backend.
- Designed a **responsive UI** with proper **form validation** and error handling for smooth user experience.
- Used **Git** for version control and **Postman** for API testing and debugging.

Key Projects - Personal:

SkillHire – Role-Based Job Portal

Tech Stack: React, ShadcnUI, Tailwind CSS, Supabase, Clerk, Vercel (Live)

- Built a full-stack job portal with **role-based access** for recruiters and candidates using **Clerk authentication.**
- Integrated **Supabase** for real-time database sync, job postings, and application tracking**.**
- Designed a clean, responsive UI with **React + ShadcnUI**, ensuring smooth UX across all devices.
- Implemented **job search, save, apply**, and **live application status tracking** (Applied, Interviewing, Hired, Rejected).
- Enabled recruiters to **post jobs, control visibility**, and **manage candidate progress** through custom dashboards.

Education & Certification:

- Data Structure and Algorithms | Apna College | 2023
- C and C++ |Udemy|2023
- React (incl Hooks, React Router, Redux)|Udemy | 2024

Himachal Pradesh University | Shimla, Himachal Pradesh

- BCA (Bachelor of Computer Applications) | 2020 - 2023

Current Focus:

- Learning advanced backend concepts including **RESTful API security**, **Spring Boot deployment**, and **Docker.**
- Currently enhancing backend skills by building **Spring Boot** & **REST API** projects.
- Progressing toward a goal of solving **200+ DSA problems** to sharpen problem-solving skills.
